Fleet management platform white label

Company brand is its most valuable intangible asset. You are making your product even closer and understandable for your clients by raising brand awareness and creating a full-fledged image.

For any integrator regardless of fleet amount, we are here to offer a high-end customization of GLONASSSoft fleet management platform.

Your company's logos and brand style can be applied to the WEB and mobile interfaces, login page and mailing.

How will the login page change?

Standard login page view
